

WADA Education – How to get started for SAPF members

NEW SAPF AFFILIATION REQUIREMENT FROM 2022:

From 2022, everyone will be required to upload an ADEL Anti-Doping Education Certificate when they do their online affiliation. This is to comply with IPF rules, SAIDS directives and also to further the aims of the SAPF in promoting drug-free powerlifting.

WADA has made several Anti-Doping Education courses available through its online education portal ADEL. Here are the required courses for SAPF members at a glance:

Your role in SAPF	Applicable WADA Course
Lifter – Development	Talented Athlete Education Programme (Minimum)
Lifter – Club	Talented Athlete Education Programme (Minimum), OR National level athlete Education Programme, OR International-level Athlete Education Programme
Lifter – Provincial	National level athlete Education Programme, OR International-level Athlete Education Programme
Lifter – National	National level athlete Education Programme, OR International-level Athlete Education Programme
Lifter – International	International-level Athlete Education Programme
Administrator	High-performance Coach Education Programme
Coach	High-performance Coach Education Programme
Referee	High-performance Coach Education Programme
Parent	Parent of Elite Athlete Education Programme

For lifters:

1. Talented Athletes Education Program (minimum)
2. National Level Athletes Education Program
3. International Level Athletes Education Program (recommended)

The International Level Athletes Education Program will be mandatory for every lifter who competes at SA National Powerlifting or Bench Press Championships, as those are the qualifying competitions for the international teams. Those who choose to do the Talented Athletes Education Program when they affiliate, and go on to be selected for Team SA, will still need to do the International Level Athletes Education Program.

For non-lifters (Coaches, Referees, Administrators, other)

1. High Performance Coaches' Education Program (This is appropriate for all Athlete Support Personnel)

For Parents

1. Parents of Elite Athletes Education Program

If you are an athlete as well as a coach/referee/administrator, I would recommend that you start with the International Level Athlete Education Program. Once you have completed that course, adding the High Performance Coach Education Program will not take a lot of extra time as many of the modules are the same or similar. It is definitely worth having both certifications.

Note: All the certifications are valid for 2 years.
